Mark, would you and Jim be available sometime this afternoon for a call with me and the EPA folks who are trying to put together the agenda? Let me know what time will work for you.

Linda

Thank you Nathan.

Linda, can you send me a draft agenda?

Thanks.

Mark

Mark Eddy,

Linda Smith is working with Unified Command to finalize the agenda and speakers for this meeting. Please work with her directly to ensure that the meeting is set up appropriately so that we can ensure that we meet the needs of the Silverton community. If there are additional conference calls it may be good if Linda or another from the JIC can participate so that we are able to assist as needed or answer any questions that come up.

Thank you,
Nathan Hunerwadel
Lead PIO,

During this morning's conference call, it was brought out that Steve Way, EPA Site Coordinator, has some really good plan updates and safety messages from the site.

So, for the Thursday night EPA Update meeting, there probably needs to be some good information from Steve. Maybe Shawn will already have that information,

But I just thought you should know that Steve's information was well received today.
